**Disclaimer:**

The following responses have been provided primarily for the purpose of information exchange among EMN NCPs in the framework of the EMN. **1. Background information**

In Belgium, the national authorities should take decisions on family reunification with Union citizens and third-country nationals within specific time limits, in accordance with EU Directives 2004/38/EC and 2003/86/EC. If the authorities exceed these time limits, a residence permit should be issued automatically to the applicant (Art. 52, §4, second paragraph of the Royal Decree of 8 October 1981 implementing the Immigration Act). In recent years, national courts referred several questions on this topic to the Court of Justice of the European Union (CJEU) for a preliminary ruling.

Note, however, that the information provided does not necessarily represent the official policy of an EMN NCPs' Member State.

In the Diallo case of 27 June 2018 (C-246/17), the CJEU ruled that decisions on the application for a residence permit of a family member of a Union citizen must be both adopted and notified within six months (Directive 2004/38/EC).

In addition, the CJEU judged that national legislation cannot provide for the automatic issuance of a residence permit for the family member of a Union citizen if the time limit is exceeded. In the X case of 20 November 2019 (C-706/18), the CJEU ruled that such automaticity is equally excluded for the issuance of a residence permit to the family member of a third-country national (Directive 2003/86/EC).

Lastly, the Diallo case also clarified that decisions following the annulment of a previous negative decision on family reunification with a Union citizen should be taken within a reasonable period of time. In such cases, the competent national authority does not automatically regain the full period of six months.

The Belgian government is currently considering a change in national legislation in order to comply with EU law. In this context, Belgium would like to receive more information on the law and practice on time limits for decisions on family reunification in other Member States (some MS already provided some information at the end of 2019 after a short information via the Permanent Representation).

## **2. Questions**

**1. Which time limits does your national legislation impose for decisions on family reunification with a) Union citizens and b) third-country nationals?**

**2. How does your Member State ensure that decisions are a) taken and b) notified within these time limits in practice?**

**3. What are the legal consequences of exceeding these time limits (for instance fines, periodic penalties, enforcement before national courts, temporary residence rights...)?**

**4. How does your Member State determine in law and/or practice the “reasonable period of time” within which a new decision should be taken following the annulment of a previous negative decision on the same application?**

We would very much appreciate your responses by **9 March 2020**.

	EMN NCP Austria	Yes	<p>1. On principle, a distinction has to be made between applications for family reunification under the Settlement and Residence Act and applications under the Asylum Act in the Austrian context. In Austria, a decision period of six months applies according to Art. 73 General Administrative Procedures Act. Accordingly, authorities must issue a decision on applications by parties without undue delay and at the latest after six months after receipt. In the absence of any other deadline, decisions on family reunification must also be made within six months, both according to the Settlement and Residence Act and the Asylum Act. The deadline for delivering a decision by the representation authority is suspended while the Federal Office for Immigration and Asylum makes its probability prognosis. The Federal Office for Immigration and Asylum cannot be delayed in its probability prognosis as it does not hold administrative proceedings in the sense of the General Administrative Procedures Act. Nevertheless, the Federal Office for Immigration and Asylum's probability prognosis must be made within a reasonable time period so that the representation authority can complete the proceeding without undue delay. The administrative courts are also obliged under Art. 34 para 1 General Administrative Procedures Act to decide on complaints without undue delay and within six months.</p> <p>--- Source: Ministry of the Interior</p>

<sup>2</sup> A default "Yes" is given for your response to be circulated further (e.g. to other EMN NCPs and their national network members). A "No" should be added here if you do not wish your response to be disseminated beyond other EMN NCPs. In case of "No" and wider dissemination beyond other EMN NCPs, then for the Compilation for Wider Dissemination the response should be removed and the following statement should be added in the relevant response box: "This EMN NCP has provided a response to the requesting EMN NCP. However, they have requested that it is not disseminated further."

			<p>2. Should the competent authority not make a decision within the designated time period, a complaint regarding the delay can be made. (Art. 130 para 1 subpara 3 Federal Constitutional Law, Art. 8 para 1 Proceedings of Administrative Courts Law). The authority then has three months to make a decision. After three months at the latest, the file is to be forwarded to the administrative court, which is ultimately the competent entity. In practice, the duration of the proceeding is largely dependent on workload, but also on the involvement of the party. Proceedings can be held more quickly if applications are complete and submitted correctly. When documents are not available or if amendments are ordered to be made, proceedings can be affected accordingly.</p> <p>---</p> <p>Source: Ministry of the Interior</p> <p>3. In Austria, a complaint regarding delay can be made in cases where the designated time period has been exceeded (see answer to question 2).</p> <p>---</p> <p>Source: Ministry of the Interior</p> <p>4. 	<p>EMN NCP Belgium</p>	<p>Yes</p>	<p>1. In Belgium, decisions on family reunification with a Union citizen should be taken within six months (Art. 42, §1 Immigration Act). Decisions on family reunification with a third-country national should be taken within nine months. In exceptional cases, this period can be extended twice by a period of three months (Art. 12bis, §2 Immigration Act).</p>

			<p>2. At this moment, all applications are processed chronologically on the basis of the date of the introduction of the application in order to keep track of the remaining time limits. As soon as a decision has been taken, the decision is notified to the applicant by registered letter or through invitation at the municipality or diplomatic or consular post.</p> <p>3. Until recently, a residence permit was issued automatically to the applicant if these time limits were exceeded (Art. 52, §4 Royal Decree implementing the Immigration Act; Art. 12, §2 Immigration Act). Today, Belgium is considering a change in legislation following the CJEU preliminary rulings in the Diallo and X cases.</p> <p>4. In this case, the Immigration Office tries to take a decision as soon as possible. The processing speed depends on the workload of the competent department and the question whether or not additional documents or information should be requested from the applicant.</p>

B) For TCNs, Family reunification applications must be examined, at the latest, within 9 months from the date of submission. For some residence categories with more favourable provisions, family reunification applications must be examined, at the latest, within 5 months from the date of submission. In extraordinary complex cases, the above deadlines can be extended for a period not exceeding 3 months.</p> <p>2. There is an electronic monitoring system in place which allows the Civil Registry and Migration Department to check which applications were submitted in a specific timeframe (for example 3 months before). In practice, we use the system to make sure that applications are examined before the timeframe imposed by the legislation.</p> <p>3. 	<p>EMN NCP Italy</p>	<p>Yes</p>	<p>1. 1) Family reunification with a third country national. The regulation about family reunification is laid down in the art. 29 of law 286/1998. The procedure foreseen for a TCN residing in Italy who wants to ask for the reunion with a familiar residing abroad is divided into two phases: Firstly, the applicant has to submit the application to the One-Stop Immigration Desk (competent office before Headquarters) – after registering on the website of the Minister of Interior. The informatic system issues a receipt stating date of the application's submission. The Immigration Desk, after obtaining the security assessment[1] from the police headquarters, and after verifying the possession of requirements provided by para. 3 of art. 29 (an accommodation in accordance with hygiene, health and housing suitability requirements; a minimum annual income resulting from lawful sources; an health insurance or the enrolment in the National Health System aimed at covering all risks in the national territory for over 65 years old ascendant) grants the authorization for the issuing of the visa for family members within 90 days from the submission of the application (art. 29 para. 8 of law 286/1998). Then, once obtaining this authorization, the third country familiar (for whom the family reunification has been requested) has to ask the issue of the visa to the Italian Consulate in the country of origin which has to verify the authenticity of the family relationship. The authorization is valid for 180 days and can not be renewed. The consulate has to issue or refuse the visa within 30 days. Once entered in Italy, the TCN has to request – within 8 days - the residence permit for family reasons.</p> <p>2) Family reunification with an EU-citizen. The regulation is laid down in law 30/2007, as modified by law 129/2011. The third country national – who wants to be reunited with an EU familiar – has only to ask for the issuing of a visa directly to the Italian Consulate. Within 3 months from the entry in Italy, the TCN familiar shall ask to the Headquarter for the issuing of a residence card for EU citizen's familiar, proving: - ties of relationship with the EU citizen and showing; - passport or equivalent travel document; - registration certificate of the EU citizen; - photograph. The EU citizen has only to demonstrate a minimum annual income resulting from lawful sources</p>

Decisions on family reunification with a third-country national must be taken within 30 days of receipt of the documents (Article 33 (1) (1) of the Immigration Law). The decision may be extended for up to four months or one year (Section 64 (2) of the Administrative Procedure Law).</p> <p>2. Applications are registered with the date of submission of the documents, the date of the decision being determined according to the paid state fee for the examination of documents - five working days, ten working days or 30 days). The decision shall be notified to the applicant by registered letter, regular letter, e-mail or personally – when a TCN visits the diplomatic mission or consular post.</p> <p>3. The time limits for making a decision are always respected and are not breached. The higher institution or the court shall within seven days take a decision, pursuant to which it shall assign to the institution the performance of the relevant procedural action, setting a specific time. If an institution fails to comply, within the set time period, with the decision of a higher institution or the court, the relevant procedural action shall be deemed to have been performed, if that is practically and legally feasible. If that is not practically and legally possible, participants in the administrative proceedings for whose benefit the relevant time period has been stipulated have the right to claim compensation, moreover, failure to comply with the time period shall of itself be considered as moral harm. If this Law or other regulatory enactment specifies a time period within which, in the course of an administrative proceeding an institution is required to carry out a procedural action unfavorable to the submitter or the potential addressee of an administrative act, then such procedural action may no longer be carried out after expiration of the time period unless the institution does not provide sufficient explanation for this delay.”</p>

In accordance with article 73 (6) paragraph 1 of the amended law of 29 August 2008 on free movement of persons and immigration (Immigration Law) the decisions of family reunification are taken in a maximum of 9 months from the date the file is lodged. The Immigration law does not foresee any sanctions if the Minister exceeds these time limits. As we mentioned before the Immigration law foresees that the deadline can be extended depending on the complexity of the case. Nevertheless, if the Minister in charge of Immigration and Asylum does not take the decision in the deadline, the applicant can consider the application rejected and he/she can file an appeal before the First instance Administrative Court.</p> <p>4. 	EMN NCP Netherlands	Yes	<p>1. A. In general, the procedure of family reunification has a time limit of 90 days (Art. 25, par 1, Vb). However, if an application would need a more thorough background check, this period can be prolonged with an additional six months (Art. 25, par 2, Vb). B. see A.</p> <p>2. Every application or appeal will be registered in our digital system Indigo and every application/appeal in the system will be handled. The IND manages the time limits for all applications/appeals automatically in Indigo because the legal starting date and the legal ending date are registered, so you always know what the time limits are for your decision.</p> <p>3. When the Immigration and Naturalisation Service (IND) exceeds the time limit, a penalty will be fined. The penalty consists of €23,- per day during the first 14 days, €35,- per day during the second 14 days and €43,- during the third 14 days, with a maximum of €1442,- (<a href="https://ind.nl/contact/Paginas/IND-is-te-laet-met-beslissen.aspx">https://ind.nl/contact/Paginas/IND-is-te-laet-met-beslissen.aspx</a>).</p> <p>4. The IND does not have an annulment procedure. The application for review in cases concerning regular residence permits will be filed to the IND, the same authority that decided on the application. The application for review will however be assessed by another employee than the person who took the initial decision. In case the applicant disagrees with the outcome of the review procedure, the applicant can appeal against this decision at the Dutch administrative Court. When an applicant successfully appeals against a negative decision, his appeal will be declared well-founded which will automatically lead to a positive decision and the applicant will be granted a residence permit.</p>

	<p>EMN NCP Poland</p>	<p>Yes</p>	<p>1. When implementing the Council Directive 2003/86/EC of 22 September 2003 on the right to family reunification no specific provisions transposing the provisions concerning the time limits for taking a decision on granting a permit (namely art. 5 § 4) were introduced to the Polish national law (the Act on Foreigners) due to more restrictive provisions already in force in the law concerning the general time limits for settling cases, regulated in the Act of 14 June 1960. - The Code of Administrative Procedure (Journal of Laws of 2018, item 2096, as amended), hereinafter referred to as the "Code ". The Code governs in general the administrative proceedings, unless the specific provisions of law states otherwise.</p> <p>Pursuant to the art. 35 § 1 of the Code public administration authorities shall dispose of matters without unnecessary delay. § 3 of the art. 35 stipulates that if it is necessary to conduct explanatory proceedings in the matter, the matter shall be decided no later than within one month, and if the matter is especially complex - no later than within two months of the day the proceedings have been initiated, and in the appellate proceedings - within one month of the day the appeal has been received. The authority of first or second instance is obliged to notify the party of any case not settled within the above deadlines, giving reasons for the delay, indicating a new deadline for settling the case and informing the party of their right to file reminders.</p> <p>It is to notice that the time limits referred to in Article 35 § 3 of the Code begin to run as a result of the initiation of administrative proceedings concerning the granting of a permit, i.e. on the day the application is received by the authority, even if the application in this matter is incomplete and it is necessary to conduct activities aimed at supplementing the application by a party with documents necessary to issue a decision on the case. However, the periods provided for the performance of specific actions, periods of freezing the proceedings, the period of mediation, as well as delays for which the party is responsible or for reasons not attributable to the authority do not fall within the scope of time limits and extend the time limits accordingly.</p> <p>When it comes to the UE citizens and their family members not being EU nationals using the right to free movement under directive 2004/38/EC, the EU nationals are the subject of registration procedure after 3 months of their consecutive stay. Accordingly to the provisions of the Act on Entry, Stay and Departure of the EU citizens and their family members as a result of that procedure, a registration certificate or decision on refusal is being issued to a citizen of the other EU MS immediately and a residence card is being issued or a decision on refusal to issue a residence card is being taken to the family member concerned no later than six months from the date on which he/she submit the application.</p>

			<p>2. The basic legal measure to assure meeting the deadlines by the authorities and to prevent lengthiness of administrative proceedings under the Code of Administrative Procedure is a reminder notice procedure.</p> <p>The reminder notice is submitted through the authority to which reservations are made (so the voivodeship office conducting the family reunification proceedings as the 1st instance body ) to the controlling/ higher-level body (so to the Head of the Office for Foreigners). Legal basis for that action provides art. 37 paragraph 1 point 1 of the Code</p> <p>The authority considering the reminder notice shall issue an order which:</p> <ol style="list-style-type: none"><li>1) states whether the authority hearing the matter is responsible for inaction or excessive length of the proceedings and, if so, whether it constituted a gross violation of law; or</li><li>2) in case inaction or excessive lengthiness has been ascertained:<ol style="list-style-type: none"><li>a) it shall obligate the authority hearing the matter to dispose thereof by appointing a time limit for the disposal of the matter, if the proceedings have not been concluded; and</li><li>b) it shall demand that the reasons be clarified and persons responsible for inaction or excessive length of the proceedings be established, and where necessary, the authority shall take measures preventing inaction or excessive length of the proceedings in the future.</li></ol></li></ol> <p>3. The stamp duty is paid at the stage of filing the application and further possible delay in examining the application does not affect its amount.</p> <p>A party has a right to challenge the authority's resolution on the protracted nature of the proceedings before an Administrative Court and the Court may order the compensation of damages.</p> <p>If the deadline for filing the application has been observed and the application is free from formal defects or the formal defects (eg. no photographs attached, no personal appearance, no document conforming identity presented etc. ) have been remedied in due time, the officer puts in TCN's travel document a stamp certifying that an application for permit has been filed. This stamp legalizes the stay of TCN in Poland (even in the event of further expiry of the visa or residence card) until the date when the decision on TRP becomes binding. So if the proceeding time exceeds, the time of legal stay of TCN in Poland exceeds as well. The time of waiting for biding decision is counted as a legal stay of TCN in Poland in case where he applies for a temporary residence permit.</p>
